**Response to 45 Day Letter**

Commissioner for Patents:

In response to the 45 Day Letter mailed on June 22, 2004, finding that the above captioned application appears to "have significant utility in the conduct of aeronautical and space activities" as recited in 42 USC § 2457 (National Aeronautics and Space Administration (NASA)), please enter the attached statement under oath or in the form of a declaration as provided by 37 CFR § 1.68 setting forth (1) the full facts concerning the circumstances under which the invention was made and conceived and (2) establishing that no relationship between the invention and any work under any contract or other arrangement with the NASA exists or has existed.

The attached statement being mailed within forty-five (45) days of the June 22, 2004, mailing date of the letter, the Applicant believes that no formal requirement for a statement will be issued.

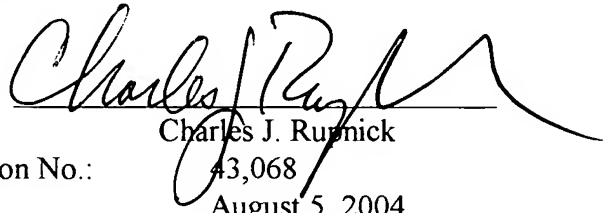

5 The Applicant believes that no fee is due relative to the present statement. If a fee is due, the Applicant respectfully requests that notice of such fee be forwarded to the Applicant at the correspondence address supplied with the filed application.

If the Examiner has questions or wishes to discuss any aspect of the case, the Examiner is encouraged to contact the undersigned at the telephone number given below.

Respectfully submitted,

10

The following is an example of an acceptable property rights statement. Statements of this type are, of course, only suitable for situations in which NO Agency funds or other considerations were involved in the making or conception of the invention. While this example is in the form of a declaration, a sworn document is equally acceptable.

I (We) Larry D. King and James B. Jones  
citizens of United States of America  
residing at 803 - 200th Avenue SE, Sammamish, King County, Washington, USA, and  
residing at 33412 NE 43rd Place, Carnation, Snohomish County, Washington, USA  
declare:

That I (we) made and conceived the invention described and claimed in patent application:

Serial Number 10/761,931 filed in the United States of America on January 15, 2004  
titled Integrated Traffic Surveillance System

(Check and complete either I or II below)

(Check III and/or IV below as appropriate)

*okay*  
☒ I. (For Inventors Employed by an Organization) That I (we) made and conceived this invention while employed by Honeywell International Inc.. That the invention is related to the work I am (we are) employed to perform and was made within the scope of my (our) employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Honeywell International Inc.. Other relevant facts are the invention was developed in-house (name of employer) for commercial sale.

That to the best of my (our) knowledge and belief (and/or) based upon information provided by \_\_\_\_\_ of \_\_\_\_\_:

—OR—

☐ II. (For Self-Employed Inventors) That I (we) made and conceived this invention on my (our) own time using only my (our) own facilities, equipment, materials, funds, information and services. Other relevant facts are \_\_\_\_\_

That to the best of my (our) knowledge and belief:

☒ III. The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

—AND/OR—

☒ IV. The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

The undersigned inventor(s) declare further that all statements made herein of his or her (their) own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
